GOVERNANCE POLICY

INTRODUCTION

Governance in the community sector is concerned with the systems and processes that ensure the overall direction, effectiveness, supervision and accountability of an organisation.

Committee members take ultimate responsibility for the governance of their organisations. However, governance is not a role for Committees and Committee members alone. Governance is also concerned with the way Committees work with station staff, volunteers, service users, members and other stakeholders to ensure the organisation is effectively and properly run and meets the needs for which the organisation was set up.

PURPOSE

In accordance with the Community Broadcasting Codes of practice CODE 1:

Our responsibilities in broadcasting to meet our community interest

1.2 We will have in place written corporate governance policies and procedures that support management, financial, and technical operations to meet all legal requirements.

The Governance Policy is intended to clarify the content of the organisation’s constitution by making explicit the underlying principles of governance approved by the organisation.

This policy does not cover legal or ethical issues concerning the role of the Committee or its members, which are addressed separately elsewhere.

POLICY

The Committee of **Sunraysia Community Radio Association Inc (SCRA)** is an elective, representative, and collective body.

- It is **elective**, in that the determination of committee members is the prerogative of members through the election process.
- It is **representative**, in that no member can be mandated by their constituency to adopt a particular position if they do not believe it to be in the best interests of the organisation. Whatever the constituency of any member, all members are committed to acting selflessly and making decisions and voting on governance decisions solely in the best interests of the organisation.
- It is **collective**, in that while each member should put the point of view of their constituency, and each member has the right to argue for their own point of view and to vote for that position, once a collective decision has been taken Committee members are required to support that decision.

Policies can be established or altered only by the Committee: **Procedures** may be altered by the Station Coordinator following committee approval.

The function of the Committee of **SCRA** is to collectively ensure the delivery of the organisation's objectives, to set its strategic direction, and to uphold its values. The Committee should collectively be responsible and accountable for ensuring and monitoring that the organisation is performing well, is solvent, and is complying with all its legal, financial, and ethical obligations in accordance with the **CONSUMER AFFAIRS VICTORIA Associations Incorporation Reform Act 2012 MODEL RULES For an INCORPORATED ASSOCIATION.**

The responsibilities of the Committee that cannot be delegated to any other person or body include

- Compliance monitoring – ensuring compliance with the objectives, purposes and values of the organisation, and with its constitution
- Organisational governance – setting or approving policies, plans and budgets to achieve those objectives, and monitoring performance against them
- Strategic planning – reviewing and approving strategic direction and initiatives
- Regulatory monitoring – ensuring that the organisation complies with all relevant laws, regulations and regulatory requirements
- Financial monitoring – reviewing the organisation's budget, monitoring management and financial performance to ensure the solvency, financial strength and good performance of the organisation
- Financial reporting – considering and approving annual financial statements and required reports to government;
- Organisational structure – setting and maintaining a framework of delegation and internal control
- Leadership selection – selecting, evaluating the performance of, rewarding and, if necessary, dismissing the organisation's Station Coordinator
- Risk management – reviewing and monitoring the effectiveness of risk management and compliance in the organisation; agreeing or ratifying all policies and decisions on matters which might create significant risk to the organisation, financial or otherwise
- Dispute management – dealing with and managing conflicts that may arise within the organisation, including conflicts arising between Committee members, the Station Coordinator, members, volunteers, or service users.
- Social responsibility – considering the social, ethical and environmental impact of all activities and operations and ensuring that these are acceptable
- Committee performance and composition – evaluating and improving the performance of the Committee

Relationship with management

The Committee should focus on the strategic direction and the core policies of the organisation, and avoid becoming involved in day-to-day operational decisions. Where individual Committee members do need to become involved in operational matters, they should separate their strategic role (where they operate independently of any direction) from their operational role (where they act at the direction of management).

Policies can be established or altered only by the Committee: **Procedures** may be altered by the Station Coordinator following committee approval.
